

LET'S GET TO KNOW FRESH BAKED POTTERY

My business started out with a gift of Star Wars cookie cutters. My daughter and I set out to make cookies that looked just like what was on the box. After several days and lots of black frosting, we

ate our picture perfect cookies and felt sad. All that work, and lots of remorse, my daughter said, "Mom can't you just make some we can keep forever out of clay? I never want to make cookies again." And THAT is how FRESH BAKED POTTERY began.

**WE NOW DESIGN OUR OWN
CUTTERS AND STAMPS AND WE
MAKE HAND MADE MAGNETS AND
ORNAMENTS TO THE DELIGHT OF
POP CULTURE FANS EVERYWHERE.**
