

LET'S GET TO KNOW TRINIDAD TEA AND SPICES CO.

Christa is the brains behind this amazing company! She is a clinical herbalist and holistic nutritionist. She spent her whole life in the company of herbs and plants, both wild and domestic. She has made salves, lotions, skin care and medicinal tea for the last 25 years. She has cultivated herb gardens for decades and has cut and saved

those herbs for her own kitchen, her health, and her teacup. She realized the healing power that plants and foods offered, they were healing not only her but others around her. She began her journey to learn and create a deeper relationship with the plants growing nearby. Which brought her to opening her business in Trinidad, CO.

Trinidad Tea Co is a local tea, spice, and herbal provider, located in Trinidad, Colorado. All ingredients are either grown/gathered in Trinidad and surrounding areas or sourced from Certified Organic partners. Everything is made in small batches, and by hand. All products are offered in environmentally friendly packaging that is either recyclable and/or compostable.
