

Walsenburg Mercantile

DEWITT ENTERPRISES

AT THE WALSENBURG MERC

LET'S GET TO KNOW DEWITT ENTERPRISES

While our business name is DeWitt Enterprises, friends refer to us as the Home of the "Secret Bookshop" with a small brick n' mortar shop in Colorado Springs (open by appointment). We specialize in Colorado historical material, such as Books (used, new, local author, signed), Directories, Ephemera (things like paper), Western Americana, Maps and Atlases, among others. We offer FREE Book Searches and reasonably priced Historical Research Services. We are invested in a number of ways in Huerfano County with a presence in the area since 1996.

Over recent visits to the Walsenburg Mercantile, we truly liked what we saw building here. The variety of food, vendors, lodging, friendly and even young employees willing to work, are so much a breath of fresh air. All this helps build on the sense of community which continues to allow Walsenburg to thrive. We are glad to bring a varied selection of used books to the Merc with our small space here being an extension of our very true Colorado History interests. See, back in the '90s, I developed a serious habit of collecting Colorado History books. No matter what kind of history, where it took place, who it was about...if it had to do with Colorado, it went into my private library. Well, after a while, I would end up with duplicates, you know where this is going. In 2002, I thought, "Why not go into the book business?" Yikes...what was I thinking? Bob and Dorothy welcome you to browse and perhaps purchase an item or two from our bookcase to add to your library, no matter whether for simple reading pleasure, for reference, or collecting.
