

**LET'S GET TO KNOW
MAMA'S HOMEMADE GOODS**

Hello, my name is Christine Galvan. I was born and raised in Walsenburg. If you have lived in this town, then you know all about my family, and that I am the last unfortunately. My art of making tortillas came from growing up in a Hispanic background. Learning from my mother Margret Galvan who was very well known and was known for her cooking, and baking. As that apple doesn't fall far from the tree my mother feed many, and I have done the same in carrying on her legacy. I love cooking for my family and friends. Nothing warms my heart more than seeing them sit at my table and enjoy what I have prepared. everything I prepare is made with love, and as my mother always said mi casa es su casa. Thank you for your support and I hope you enjoy my love of cooking ~ Christine.
